REPORT CARDS THIS SEMESTER

Report cards of any kind will be sent to students in Albany elementary schools at the end of the semester.

Motion "that we do not issue report cards in the elementary schools until we have made a decision on whether or to change or what changes to make in the written report card, we ask the Administration to report of progress to the regular February meeting was passed by a 4 to 1 vote at a regular meeting of the Albany Board of Education, Tuesday evening, Dec. 13. Introduced by President Milton Porter and seconded by Member John Long. It was opposed by one Board of Education member only, Dr. L. Bennett. In introducing the motion, Porter said, "For a time I have had the feeling the present card doesn't accomplish much."

Motion came after Director of Instruction William Woolworth of progress to date by the Reporting to Parents Committee.

Oct. 18, the board, after five hours of study and three long hearings, referred the problem of a revised reporting system to a professional committee consisting of three administrators and nine teachers.

Woolworth told the board that the committee has held two meetings and was prepared to recommend a new system for parent-teacher conferences designed to improve communication to parents.

The matter of new report cards was discussed. "The committee felt that a revision of the report card was not possible at the end of this semester," said the committee is now in process of "a clarification of symbols that are used or might be used on a report card" and will again Thursday, Jan. 12.

The report was completed, member Longaker said he will conference guide should where a student stands in his class.

Try Albany First

This is the season of the year when folks have their greatest urge to buy.

When they leave home for a shopping tour many of them would give rather vague answers if you asked them what they were going to buy.

Their lists may be long, but there are few indeed whose pocketbooks are unlimited.

They must "shop around," and buy with discretion. They must consider cost, and quality, style and fit.

Also there are other things they have to consider.

Do they have to face a long and tedious bus ride to San Francisco, or Oakland, to Richmond, or Berkeley?

Or perhaps they may have the use of the family car. Can they face the traffic hazards, the parking problems, the oftentimes long walks from the free parking lots, the jostling crowds, or pounding the pavements between stores.

Why not try the many and varied stores in Albany first?

You may answer, "Oh, they don't have the big stocks and the variety of styles and sizes the larger stores have."

Still it doesn't require any great effort to try them.

If you can find what you want in Albany, and you probably can, just check up and see what you have saved.

First, there is no parking problem, no parking meters, no crowded parking lots, no one-way streets, no jostling sidewalk crowds, no waiting to be served by the clerk.

Second, it is surprising the wide variety and the predominance of standard brands you will find in the Albany stores. Many people have searched through the larger stores and come back to Albany and found just what they wanted.

Third, you will find the Albany prices comparable, and in some cases lower, than in the larger stores where high rents and overhead absorb most of what they may gain in volume purchases.

Any way it's wise to try Albany first. You may be surprised at how much you'll save in time, and money, and wear and tear.

Living Tableaux Each Evening Next Week on Community Church Lawn

The Nativity Story will be re-enacted in a realistic outdoor setting with living characters and a live donkey and sheep, on the front lawn of the Albany Community Methodist Church, facing on Marin Avenue at Stannage, every night during the week from Monday, December 19 to Saturday, December 24 from 7 p.m. to 10 p.m. The story will be re-enacted six times each evening starting every half hour.

The purpose of this Tableaux is to emphasize the "Christmas for Christ" Campaign being carried on by this church and churches throughout the nation. The ideal is to revive the spiritual significance of Christmas from the materialism with which it has been surrounded so much in recent years.

Each night during the week a different cast of characters will take the pantomime roles of Mary, Joseph, The Wise Men, The Shepherds, The Peasant Women, and the Angels wearing beautifully prepared costumes in front of the colored lights. Members and friends of the church are taking turns depicting the various roles, and young people as well as adults are taking part. An inspiring musical background will be supplied by means of a high-fidelity amplifier. The public is invited to come and view this living tableaux every evening next week. In case of rain the showing will be cancelled for that night.

Fireman Freddy Says: Before decorating your Christmas tree inspect your light strings. If there is any doubt of their condition they should be discarded.

COUNCIL IN DISPUTE OVER CITY ENGINEER

The Albany City Council on Monday night had all but completed a fairly full agenda when the city clerk announced that she had a letter of resignation from city engineer Howard Carter, and the mayor requested that she read it to the council.

There were expressions of regret from several of the council, and Councilman Combs suggested that an effort be made to persuade the engineer to withdraw the resignation, which had asked that he become effective as of Jan. 31, 1956.

Councilman Zahn then asked what the council was going to do about Carter's salary for the next six weeks? She declared that his salary amounts to \$785 a month, including a \$50 car allowance, and that she had figured up his sick leave and vacation time from his start on the City's payroll in July, 1954 and that these would all expire as of the current Dec. 15. Mrs. Zahn said she was determined "that none of the taxpayer's money should be paid out without adequate return."

Mrs. Zahn insisted that the engineer could not be doing a full job as City Engineer from his home; that he was not in a position to be on call, as he should be, and that furthermore he was making no attempt to keep regular office hours.

At this point Councilman Jerome Blank requested permission of the mayor to read a statement. In a long statement he said the city engineer blamed Mrs. Zahn's interference with the operations of his office as a large figure in bringing about his resignation. The statement mentioned numerous cases in which it was alleged Mrs. Zahn's actions had hindered the work of the engineer's office. Councilman Blank also cited other so-called "interference" in other departments, and wound up by recommending an ordinance which would prohibit Councilmen "from interfering with the normal processes of government, while at the same time retaining the Councilman's freedom of investigation."

City Attorney Robert J. Foley ruled that the Council could continue to pay Engineer Carter his salary as long as they consider that he was fulfilling his duties. Foley declared, however, that payment of the car allowance would have to be based on fact.

Other action by the council included approval of resolutions clearing the way for the University to go ahead in its negotiations with the Federal Government at Cotati, and Village and Kula Gulf projects.

Approved appointment of Richard Bakker as Patrolman-Clerk in the Police Department, and of James Gilmore as vacation relief for the engineering department janitor for two weeks.

A report was also received from the engineering department covering a list of homes in the residential district for investigation as to whether business or industry is being carried on in violation of the zoning ordinances.

Calendar Drive Planned By Local Sea Scout Ship

Sea Scouts of the S.S. St. Ambrose are undertaking a major project this year in order to raise funds to rebuild their new ship which was badly needed, a 42 ft. J boat that "formerly saw duty with the U.S. Army."

In order to raise the necessary funds to carry on the work, without asking for donations, the boys will be calling on the people around town to tell them about their coming "Community Calendar."

The calendar will list meeting dates of organizations in town, names and birthdays or anniversaries of Albany or Berkeley residents; also ads of local merchants. A picture of the S.S. Ship St. Ambrose will adorn the upper half of the calendar.

The calendar will be sold at cost, and the proceeds go toward this worthy sea scout project, which

keeps the teenage boys busy and active in the open air, making worthy citizens of them.

Should the boys miss anyone, and no one wants to be without one of their community calendars he may contact R. Comeau, chairman of the committee in charge, Land. 4-6376, for further information.

A happy man or woman is a radiant focus of good will, and their entrance into a room is as though another candle has been lighted.

Muller-Gordon Plan Five-Point Safety Program

A five point auto safety program,
designed to cut accidents during
the holiday season, was outlined to-
day by Albany Plymouth dealer
George A. Muller, Muller-Gordon
Motor Co.

The local firm is currently par-
ticipating in a month long highway
safety campaign sponsored by the
Plymouth Dealers Association of
Northern California.

The dealer safety program cites
five auto mechanical features im-
portant to Bay Area motorists for
safe winter driving.

1. Brakes must be in good condi-
tion. Action must be positive with-
out grabbing or pulling to one side.

2. Headlights, tail lights and stop
lights must function properly.

Headlights should be in correct
adjustment and dimmer should op-

"Home is
where the
heart is".

erate.
3. There should be no leaks in the
exhaust system. Since car windows
are frequently closed for winter
driving, a leaky muffler might fill
car with poisonous carbon monoxide
fumes.

4. Worn tires should be replaced
to insure faster stops and to elim-
inate danger of skids.

5. Windshield wipers must work
properly. Wiper blades should be
in good condition to provide a "dry"
wipe.

Sixty-five Plymouth dealers in
five Bay Area counties are partici-
pating in the safety program. Dur-
ing the period of the drive the deal-
ers are campaigning to drive the deal-
ers off the highways.

SAFE SPEED DRIVING

Always drive at a safe speed, ad-
vises the National Automobile Club.
A safe speed is that which takes
into account the condition of the
car, the highway, the traffic, and
the weather.

LEFT TURNS PERMITTED

New legislation permits drivers
to make left turns against stop sig-
nals—after stopping—from a one-
way street into a one-way street.

EXCHANGE CLUBS of California will present a floral version of Davy Crockett, the
fabulous character of American legend, in the 67th annual Tournament of Roses parade
in Pasadena Jan. 2. This all flower float built by the 135 Exchange Clubs of California is
in keeping with the parade theme "Pages from the Ages."

Take someone to church
 this week...you'll both be
 happier for it

There's somebody in our town... maybe the new family

 at the office... There's someone in town you know...
 or know about, who would be really flattered if
 you asked them to go—with you—to church or synagogue.

Ask them—this week—won't you?

He restoreth your soul...

THE HOUSE OF SUNSHINE
Pictured above is a split-level home which looks like a ranch house—with all the lighting and freedom of a ranch house—but actually has three levels.
On the ground level are large living and dining rooms and a well-appointed, bright kitchen.
A short flight up brings you to the sleeping quarters which are luxuriously comfortable and spacious, including ample storage room. Below is a trim, over-sized basement where recreation room, heating equipment and laundry are located.
There are two full-sized baths. There is also an extra breakfast space in the unusually large kitchen. All over the house you will find heaps of

Joseph D. Gaeta Admitted to Law Practice in State

Joseph D. Gaeta, son of G. D. Gaeta, prominent civic leader and real estate operator, received notification on Dec. 7, 1955, that he had successfully passed the bar examination for the State of California. Joseph D. Gaeta will be sworn in as an attorney in ceremonies before the Supreme Court of the State of California on Dec. 20.

G. D. Gaeta, who is justifiably proud of his son, reports that he moved to Albany in 1918 and has been engaged in the real estate and construction business in the Bay Area for the last 25 years. He has been an active civic leader in Bay

JOSEPH D. GAETA

Area circles for the last 20 years and is presently the chairman of the Albany Civil Service Commission. He stated that at this time he wants to congratulate the City of Albany's fine school system which was responsible for his son's inspiration to become an attorney.
After graduation from Albany High School and a brief tour at San Francisco Junior College, Joe enlisted in the United States Naval Reserve where he served during the war years. Upon his discharge from the service, he joined with his father in the construction and real estate business in Albany, following which, he attended Lincoln University in Oakland. Joe received his A.A. degree from Lincoln in September of 1951. Thereafter he commenced law school at the same university and received his L.L.B. Degree in September, 1954.

Joe reports that it is his intention to actively engage in the practice of law in the Bay Area and it is his strongest wish to practice as a trial attorney.

Sid's Contributes To Foundation For Sr. Citizens

(Picture on Page One)

Sid Wallace, proprietor of Sid's stores in Berkeley and Albany has announced a plan for donating one per cent of the sales of the two stores located on San Pablo Ave. in Albany, to the Senior Citizens Center Foundation Fund, which will be used to build a senior citizens center in Albany.

Through the plan which will be in operation for three months, December through February 29, 1956, Sid hopes to keep alive in the minds of the people of Albany, the urgency of the need for such a center.

Members of the senior citizens club of Albany may enlist the aid of friends and relatives who make their purchases at either of the two stores, to turn their sales slips over to the Senior Citizens where they will be totaled monthly. Printed, addressed envelopes for that purpose will be provided at the stores at the time of purchase.

The Senior Center Foundation is a non-profit California corporation, organized by Albany service clubs to raise and hold funds for the purpose of purchasing property and building a center for senior citizens of Albany, El Cerrito, Berkeley and Richmond.
